

comparative politics and case pdf

Comparative politics is a field in political science, characterized by an empirical approach based on the comparative method. In other words, comparative politics is the study of the domestic politics, political institutions, and conflicts of countries.

Comparative politics - Wikipedia

Comparative research is a research methodology in the social sciences that aims to make comparisons across different countries or cultures. A major problem in comparative research is that the data sets in different countries may not use the same categories, or define categories differently (for example by using different definitions of poverty).

During the 1990s American leaders and many others in the West viewed Russia as the most important test case for a transition to democracy. Today the consensus of scholarly analyses in the West concludes that, if Russia did enter a transition to democracy, that transition was not successful.

The failure of democratization in Russia: A comparative

Download as PDF Abstract In this contribution we examine the federal characteristics of the Spanish case. Having initiated a process of political decentralisation as an integral pillar of the democratic transition, it is often posited that Spain is a federation, or quasi-federal country. Employing a comparative perspective this article argues ...
