SCALE *** Structural CALculations Ensemble *** SCALE is a computer program for producing neatly composed pages of structural engineers' calculations and component details for the design of a variety of components such as beams, columns and slabs, using steel, concrete, masonry and timber.

Fitzroy Systems - SCALE

Offering a complete structural design and drawing service. Using the latest 2d and 3d design software.

RJD ENGINEERING company - Engineering and Fabrication

CE Marking of structural steelwork is a declaration by us, the manufacturer, that our product meets certain public safety requirements. The public safety requirements are a set of Essential Characteristics that each product must satisfy and these characteristics are given in the product's harmonised standard.

Ram Fabrications Ltd - Structural and Secondary Steel

REIDsteel offer bespoke design, construction and erection of specialist industrial steel buildings and steel frame agricultural buildings including full structural design and build covering all aspects of steelwork prefabrication.

Reidsteel Structural Engineering - Quality Steel Building

Many architectural projects utilise Structural Grids to help set out steelwork, etc. Thankfully we have a dedicated Structural Grid line tool in Revit for just this purpose. Please don't make the mistake of using simple 2D lines to represent your structural grids- you really would be missing out

Autodesk Revit: Structural Grids - BIMscape

A steel building is a metal structure fabricated with steel for the internal support and for exterior cladding, as opposed to steel framed buildings which generally use other materials for floors, walls, and external envelope.

Steel building - Wikipedia

Structural steel connection design software for engineers. SCS - Steel Connection Studio is a great engineering tool to effectively design connections the way you want (= flexibility) and quickly check your design. Try different options and help your customers in reaching economic production of steel structures maximizing safety and code ...
